

# Old Faded Picture - Larry Sparks

Bluegrass Classic, Key of **C** My Key: \_\_\_\_

To- **1** night I count the stars, **4** high, up a- **1** bove  
I **2** think of all, the reasons, **5** that we fell in love  
The **1** memory had faded, then **4** out, of the **1** blue  
And an **4** old faded **1** picture, brought my **5** mind, back to **1** you

## CHORUS:

An **4** old, faded picture, brought you **1** back, in my mind  
**2** Brought back old memories, I **5** thought I'd, lost in time  
My **1** hands, are trembling, the **4** years, have gone **1** by  
An **4** old, faded **1** picture, brought you **5** back, in my **1** mind

## TURNAROUND: **4** , **1** , **5** , **1** , **1**

To- **1** night I'm reminded darlin', of the **4** dreams, that we **1** knew  
**2** How your eyes did sparkle, when I **5** gave this ring to you  
The **1** tears, fell so sweetly, our **4** love, was so **1** true  
An **4** old faded **1** picture, brought my **5** mind, back to **1** you
