

# ***Windy Mountain - Lonesome Pine Fiddlers***

Bluegrass Classic, Key of **D** My Key: \_\_\_\_

**INTRO:** **4** **5** , **1** (extra 2 beats)

## **CHORUS:**

Oh **1** how I'd like to be, up on, a windy mountain

**1** Where, the tree tops scrape the **5** sky

Then **1** I, would forget, all my-worries and my troubles

**4** I'll just let the **5** wind, blow them **1** by

Oh **1** how I love the sound, of the wind, when it's howlin'

**1** For, it blows m'blues a- **5** way

It **1** makes, me forget, the girl, that I'm lovin'

Lets **4** me forget un- **5** til another **1** day

**1** Let me hear the leaves, on the-trees, when they're singin'

Just a- **1** moment of relief is all I **5** care

**1** For I've got no sorrow, heartaches or sadness

As **4** long as I can **5** see the trees that **1** sway

## **CHORUS**

**TURNAROUND:** **4** **5** , **1**

Oh my **1** friends, bury me, a way up on the mountain

**1** Where that old, wind, will-always **5** blow

**1** For I want to rest, alone, on the mountain

**4** With the howlin' **5** wind that I love **1** so

**1** Tell, my old lover, in case you should see her

**1** Just how much I love her-she'll never **5** know

And **1** that I've gone to rest, away up on the mountain

**4** Where the howlin' **5** wind will always **1** blow
