**INTRO:** **1** , **4 1** , **1** , **5** , **1** , **4 1** , **1 5** , **1** , **1**

To- **1** night I'm all alone, no **4** place, to call my **1** own

Don't **1** have no one, to love me any- **5** more

I'm gonna **1** pack, up my grip, and **4** take a long long **1** trip

**1** Back to the **5** one, that I love **1** so

## **CHORUS:**

Oh I **4** long, to go back, to my **1** darling

**1** Back, to the one I love so **5** well

I **1** know she'll be my wife, and we'll **4** settle down for **1** life

Cause **1** she's, the one that **5** means, the world to **1** me

## **INSTRUMENTAL:** Same as **INTRO**

I **1** can't forget the day, I **4** left and went a- **1** way

You **1** told you me I'd be sorry some old **5** day

I **1** found it to be true, so I'm **4** heading back to **1** you

Sweet- **1** heart I'm tired and I **5** want to settle **1** down

## **CHORUS / INSTRUMENTAL**

When **1** I get back to her, my **4** rambling days are **1** over

We'll **1** build, a little cottage on the **5** hill

We'll **1** think of days gone by, sweet- **4** heart just you and **1** I

And **1** I will live so **5** happy ever- **1** more

## **CHORUS**

1 = A <sup>b</sup>
4 = D <sup>b</sup>
5 = E <sup>b</sup>
