

# *Little Country Church House - Doyle Lawson*

Bluegrass Classic, Key of **D<sup>b</sup>** My Key: \_\_\_\_

**INTRO:** **1** , **4** , **1 5** , **1** , (extra two beats)

There's a **1** little, mountain church  
In my thoughts of yester- **4** day  
Where **1** friends and family gathered for, the **5** Lord  
There an **1** old, fashioned preacher  
Taught the **1** straight, and narrow **4** way  
For-what you **1** call, the congre- **5** gation, could af- **1** ford  
Dressed in **1** all our Sunday best  
We-sat on pews, of solid **4** oak  
And-I re- **1** member how our voices filled the **5** air  
How mama **1** sounded like an angel  
On those high, soprano **4** notes  
And when the **1** roll, is called up **5** yonder, I'll be **1** there

## **CHORUS:**

Looking **1** back now, that little mountain **4** church house  
Has be- **1** come, my life's, corner- **5** stone  
It was **1** there, in that little mountain **4** church house  
I first **1** heard, the word to **5** base my life up- **1** on

## **TURNAROUND:** Same as **INTRO**

At the **1** all day Sunday singing, and dinner on the **4** ground  
**1** Many, were the souls that were re- **5** vived  
While my **1** brothers and my sisters  
Who'd gone on to glory **4** land  
Slept in **1** peace, in the **5** maple grove near- **1** by

## **CHORUS 2X**

I first **1** heard, the word to **5** base my life up- **1** on

**OUTRO:** **1 5** , **1**
