Don't Step Over an Old Love - Stanley Brothers

Bluegrass Classic, Key of **C**   My Key: ___

INTRO: `2` `5` , `1`

All the `1` things, that we have done to- `5` gether
All the `5` joys, and sorrows that we've `1` shared
Made me `1` feel, our love would last for- `5` ever
Now I `5` know, you never really `1` cared

CHORUS:

   `4` Don't, step ov,er an `1` old love
   To `1` get, to some,body `5` new, no
   `4` Don't, step ov,er an `1` old love
   Who `2` al,ways has `5` been, true to `1` you

TURNAROUND: Same as **INTRO**

When my `1` back, was turned he caught your `5` fancy
And he `5` turned, an innocent af- `1` fair
Into `1` some,thing more than, just a `5` friendship
While my `5` dreams, all crumbled in des- `1` pair

CHORUS

Now you `1` think, you're happy with your `5` new love
You don't `5` know, he's been untrue to `1` you
Wait un- `1` til, you hear the whole town `5` talking
Then you'll `5` feel, these heartaches like I `1` do

CHORUS except add **"no"** at end of 2nd line

1 = C
2 = D
4 = F
5 = G
