

# Caroline - Old Crow Medicine Show

Bluegrass Contemporary, Key of **D** My Key: \_\_\_\_

You were **1** born, in St. Clare's Hospital  
But **4** I say, you were born up in the **1** sky  
You come **1** floatin'-down over New Orleans  
To the **4** sweet green levee on the river- **1** side  
And your **5** voice shined like your Sunday shoes  
And **4** mama always said we had nothin' to lose  
**1** So we **5** danced on the street, **4** corner

## CHORUS:

Oh **1** Caroline (Caroline **4**), heartbroken hard times, never **1** got us down  
**4** Walkin' the same, line through **1** every **5** shady **6m** southern town  
**5** Hand in hand your arm 'round mine, **4** Caroline you do just fine, **1** , ,  
We were the **1** gas, house gang  
**4** I'll be Ozzie Smith you'll-be Sara my **1** wife,,  
'Til we got, **1** traded away  
To the **4** red clay leagues somewhere along the **1** Georgia line  
**5** You'd-be the pitcher and the catcher too  
I'm the **4** homerun king 'fore his muscles grew  
**1** Gonna knock the **5** cover off this **4** time

## CHORUS

**INSTRUMENTAL:** **1** , **4** , **1** , **1** , **1** , **4** , **1** , **5** , **4** , **1** , **4** , **1** , **1**

Well-I **1** called you the other day  
You **4** sounded like you'd-been up all night, **1** cryin',,  
I used to **1** wonder if we, had-really **4** run away  
would they discover where we were **1** hiding  
Oh but there **5** ain't no way we can be so free  
As **4** we were back in eighty, **1** three, so what's the **5** use, of even **4** tryin'  
Oh **1** Caroline (Caroline **4**)  
I seen it all changin', watch it **1** change, some more  
**4** Seen, hard times, standin' **1** right out- **5** side your **6m** door  
**5** But-I'd say you do just fine, you **4** do just fine, oh Caro- **1** line, ,

**4X:** Oh **1** Caroline (Caroline **4** )
