

Please Don't Let Our Sweet Love Die

Dailey & Vincent Bluegrass Contemporary, Key of **F** My Key: ____

INTRO: **1** , **4** , **1** , **4** , **1** , **4** **5** , **1** , **1**

Now you **1** say, that I, no **4** longer, make you **5** happy
And **1** late,ly it's, been **4** useless, to **5** try
Nothing **1** that, I say, or **4** do, **1** brings, a smile, to **4** you
And you **2** think, it's best, just to let our sweet love **5** die
Through the **1** years, we've, grown **4** tired, of each **5** other
If we **1** talk, at all, it's **4** just, to quarrel and, **5** fight
But if a **1** spark, of love, re- **4** mains
There's still **1** time, to fan, the **4** flames
Renew our **1** sweet love **4** with, the **1** fire
that **5** still, burns **1** bright

CHORUS: Darlin' **4** please, don't **7^b** let our sweet love **1** die
After **4** all, these years, we **7^b** owe, us one more **1** try
Once be- **1** fore, you say, we're **4** through
Let's make **1** love, the way, we **4** used to darlin'
1 Please, don't **4** let our **5** sweet love, **1** die

INSTRUMENTAL: Same as **INTRO**

We've both **1** said, and done, some **4** things, to hurt each **5** other
And **1** through, the years, we've **4** grown, farther a- **5** part
We-could make **1** love, together, **4** last
If we **1** just, forget, the **4** past
And we **1** give, our **4** dear, sweet **1** love a **5** brand, new **1** start

CHORUS

Once be- **1** fore, you say, we're **4** through
Let's make **1** love, the way, we **4** used to darlin'
1 Please, don't **4** let our **5** sweet love (**4** sweet love die),
1 Die, **5** **1**
