

# Summer Wages - J.D. Crowe

Bluegrass Contemporary, Key of **B** My Key: \_\_\_\_

**INTRO:** **1** **1'** , **4** , **1** **6m** , **5** , **1** **1'** , **4** , **1** **6m** , **5** **1**

Never **1** hit seven- **1'** teen, when you **4** play against the dealer  
For you **1** know, that the **6m** odds won't ride with **5** you  
And never **1** leave your woman a- **1'** lone  
When your **4** friends, are out to steal her  
Years are **1** gambled, and **6m** lost like summer **5** wag,- **1** es  
And we'll **1** keep, a-rollin **1'** on, 'til we **4** get, to Vancouver  
And the **1** woman, that I **6m** love, is living **5** there  
It's been **1** six, long **1'** months, and **4** more, since I've seen her  
She may be **1** gambled, and **6m** gone, like summer **5** wag,- **1** es

And **5** all, the beer taverns, all **4** down, along, **1** Young Street  
The **1** dreams, of the **3m** seasons  
Are all **4** spilled down on the **1** floor  
All the **5** big, stands, of timber, just **4** waitin', for **1** fallin'  
And the **1** hustlers, sittin' **3m** watchfully  
As they **4** wait there by the **5** door

So I'll **1** work, on them **1'** towboats, in my, **4** slippery, city shoes  
Which I **1** swore, I would **6m** never, do a- **5** gain  
Through the **1** great, fog bound **1'** straits  
Where the **4** cedars, stand watchin'  
I'll be **1** far off, and **6m** gone, like summer **5** wag,- **1** es

**INSTRUMENTAL:** Same as **INTRO**

She's a **1** woman, so **1'** fine, I may **4** never, try to find her  
For good **1** memories, are **6m** what we had be- **5** fore  
They should **1** never, be **1'** changed  
For they're **4** all, that I'll take with me  
Now I've **1** gambled, and **6m** lost my summer **5** wag,- **1** es

**INSTRUMENTAL**

**4** Years are **1** gambled, and **6m** lost, like summer **5** wag,- **1** es  
**5 4 1**
