

# *I Can't Like Myself - Gibson Brothers*

Bluegrass Contemporary, Key of **E** My Key: \_\_\_\_

I **1** hate, the way I smile when I could **5** cry  
I **5** hate, the way I'm livin' out, your **1** lie  
I **1** play this happy part with you  
**4** It's not the role I's **2** born to do  
**5** I can't like myself, and love you **1** too,  
And-I'm **1** hatin' how I look the other **5** way  
I **5** know, about the games you like to **1** play  
I **1** won't be bossed if you're not true  
**4** I know what I **2** need to do  
**5** I can't like myself, and love you **1** too

## **CHORUS:**

Gonna **5** run, gonna run to the mountain high  
And **1** be alone with the big blue sky  
Gonna **5** cry gonna cry 'til the sky ain't blue  
Or I **5** like myself, and I don't love **1** you

**INSTRUMENTAL:** **1** , **5** , **5** , **1** , **1** , **4** **2** , **5** , **1**

I **1** love the way it's playin' in my **5** mind  
The **5** day I leave unhappiness be- **1** hind  
I **1** need a higher altitude, to **4** fit, my new **2** attitude  
**5** I can't like myself and love you **1** too
