Bluegrass Contemporary, Key of **F** My Key: \_\_\_\_

**5** , Want to simplify my **2m** life  
**5** . Gotta let this **4** trouble roll on **1** by  
**5** , Need to find a better **2m** way  
**5** . Not enough **4** hours in the **3m** day **2m** **5**  
**1** . But-all I really **5** need is a **6m** sky above  
And the **5** spring of love to take it **2m** all away, **5**  
**1** . But-all I ever **5** seem to find, is a **6m** worried mind  
and what I **5** left behind me, **2m** yesterday, ooh **5** ooh  
When the **2m** day is through, all I really **5** have to do  
Is, **1** breathe **5** , **6m** **5** , **2m** **3m** , **5**  
**5** , Feelin' sorry for my- **2m** self  
**5** . Lately it **4** seems, I can't do **3m** anything **1** else  
**5** , All the strength I had is **2m** gone  
**5** . There's-just no **4** need, to carry **3m** on **5**  
**1** . But here in the **5** here and now you don't **6m** turn around  
It's **5** all about, living **2m** day to day, **5**  
**1** . It took a **5** while to see, that **6m** just okay's all **5** right with me  
It's gonna **2m** go my way, ooh **5** ooh  
There's nothin' **2m** else to prove, all I really **5** have to do  
Is **4** breathe, **5**

**BRIDGE:** **2m** . Don't worry what it's all a- **5** bout  
**2m** . Sometimes you never figure **5** out

**1** . All you really **5** need, is a **6m** sky above  
And the **5** spring of love to take it **2m** all away, **5**  
**1** . 'Cause here in the **5** here and now you don't **6m** turn around  
It's **5** all about, living **2m** day to day, ooh **5** ooh  
When the **2m** day is through, all I really **5** have to do  
Is **1** breathe **5** , **6m** **5** , **2m** **3m** , **4** (SLOW) **5** , **1**
