I've **5** seen that cold cold look, in your **1** eyes,  
So **1** wrap the pipes, **1'** seal the cracks  
This **4** time, I know you won't be back  
The **5** coldest part, of winter is, good- **1** bye,  
We **1** moved down here from Detroit, in the **5** springtime,  
To es- **5** cape, the howling winds, and deep cold **1** snow,  
**1** Spring time flowers **1'** bloom and die  
And **4** autumn, leaves soon start to fly  
That **5** far away look means, you must **1** go,
