Bluegrass Contemporary, Key of **F** My Key: ____

INTRO: 2X (**1** , **5** , **4** , **5**)

I've been **1** up and down and around and round and **5** back again
4 Been so many places-I can't re- **1** member, where or **5** when
And my **1** only boss was the clock on the wall and my **5** only friend
4 Never, really **5** was a friend at **1** all

CHORUS: I've **6m** traded love for pennies

3m Sold my soul for less

Lost my **4** ideals, in that **1** long, tunnel of **5** time

And-I've turned **1** inside out and around about

and **5** back and then

4 Found myself, **5** right back where I

4 Start- **5** ed a- **1** gain,

Once I **1** had myself a million, now I've **5** only got a dime

The **4** difference don't seem **5** quite as bad to- **1** day **5**

With a **1** nickel, or a million, I was **5** searchin' all the time

For **4** something that I'd **5** never lost or **4** left be- **1** hind, well-

CHORUS

INSTRUMENTAL: **1** , **5** , **4** **5** , **1** , **1** , **5** , **4** **5**
1 , **4** **5** , **1** , **1**

And-now I'm **1** in my second circle, and I'm **5** headin' for the top

I've **4** learned a lot of **5** things along the **1** way **5**

I'll be **1** careful while I'm climbin' cause it **5** hurts a lot to drop

4 When you're down, **5** nobody gives a, **4** damn **5** any- **1** way

CHORUS

OUTRO: Repeat **INTRO** to fade...
